# SKINCARE NEOFOUND®

**Love Cosmedical** offers advanced cosmetic solutions for aesthetic medicine by introducing innovative materials and professional know-how.

Our brand offers a wide range of **high quality products for aesthetic medicine**, which are the result of cutting-edge technologies and scientific research.

SKINCARE  
**NEOFOUND**<sup>®</sup>

**Neofound Serum** and **Neofound Roll On** were born from aesthetic medicine to make available to all high quality ingredients usually used in the professional field by aesthetic doctors.

**Neofound Serum  
Neofound Roll On**

Used by doctors as a post treatment and

**USED IN DAILY SKIN CARE**

**Neofound**

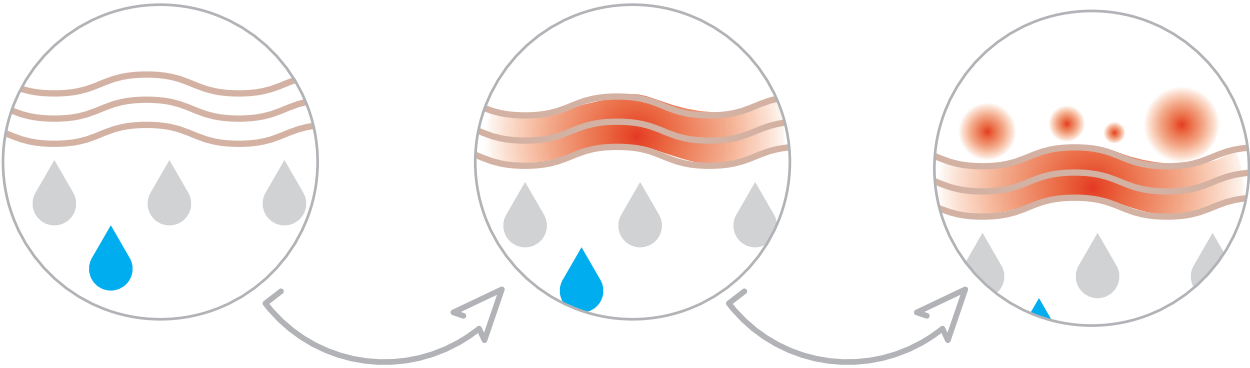

Used by doctors in the clinic

The foundation for healthy skin is **hydration**

# Consequences of lack of hydration

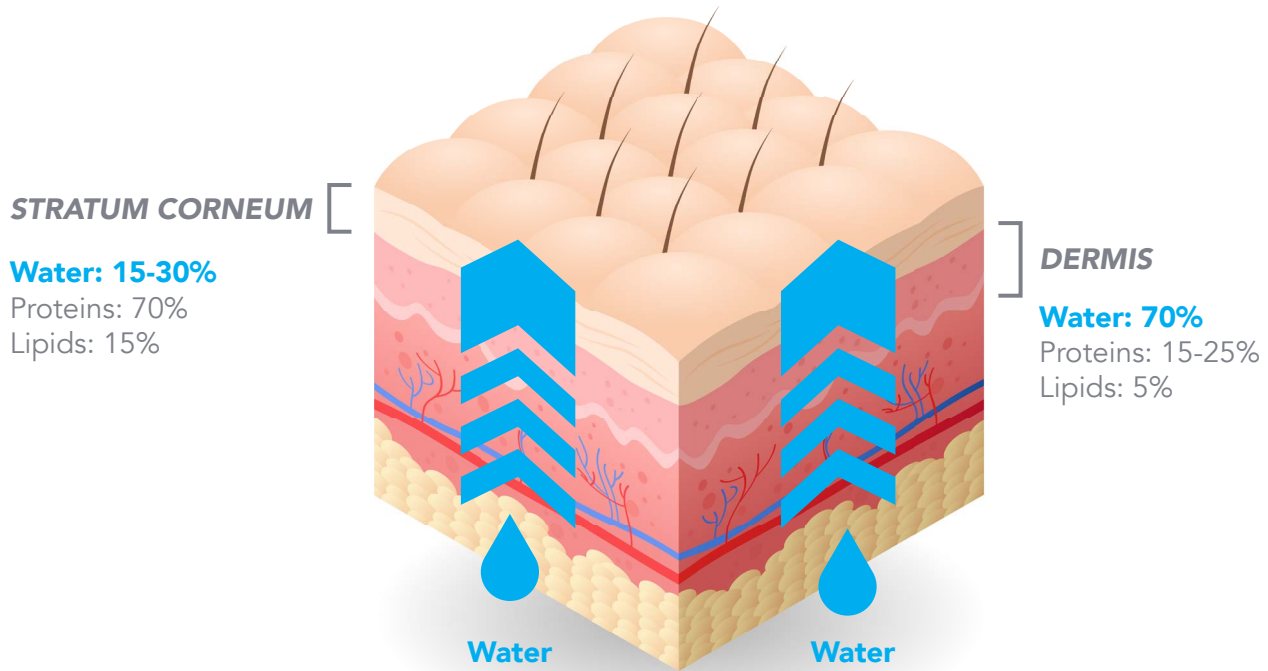

Dehydration

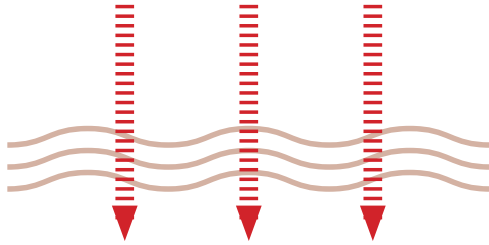

Inflammation

Imperfection  
Wrinkles

The **water** goes from the bloodstream to the deeper layers of the skin (*dermis*) and from there to the more superficial ones (*stratum corneum*), **evaporating** into the environment.

Emulsions are formulated in such a way as to have a **controlled release** of the **active ingredients** that have a synergistic and simultaneous action, in this way the skin receives **high-grade hydration**.

The skin will be **protected from inflammatory processes**, due to endogenous and exogenous stress which favor the signs of skin aging.

# SKINCARE NEOFOUND®

## ACTIVE INGREDIENTS

	Acetil Cysteine	Niacinamide (Vit PP)	Resveratrol	Aminoacids	Hyaluronic HA Acid	Hexapeptide	Squalane	Natural Oils
Antioxidant effect								
Positive biological effect								
Moisturizing effect								
Lifting effect								

## MOISTURIZING EFFECT

High PM hyaluronic acid: increases the barrier function and retains H<sub>2</sub>O

A\_A preserves the NMF

Squalane and natural oils: immediate hydration, smoothing effect and improves texture

## LIFTING EFFECT

Hexapeptide: Botox-like action, releases muscle fibers.

Hyaluronic acid with low PM: penetrates deeply, gives turgidity and elasticity

## ANTIOXIDANT EFFECT

Resveratrol

Niacinamide

Acetylcysteine for a radiant skin, uniform colour, photo protected and anti spot

## POSITIVE BIOLOGICAL EFFECT

Amino acids

High PM hyaluronic acid For the synthesis of collagen

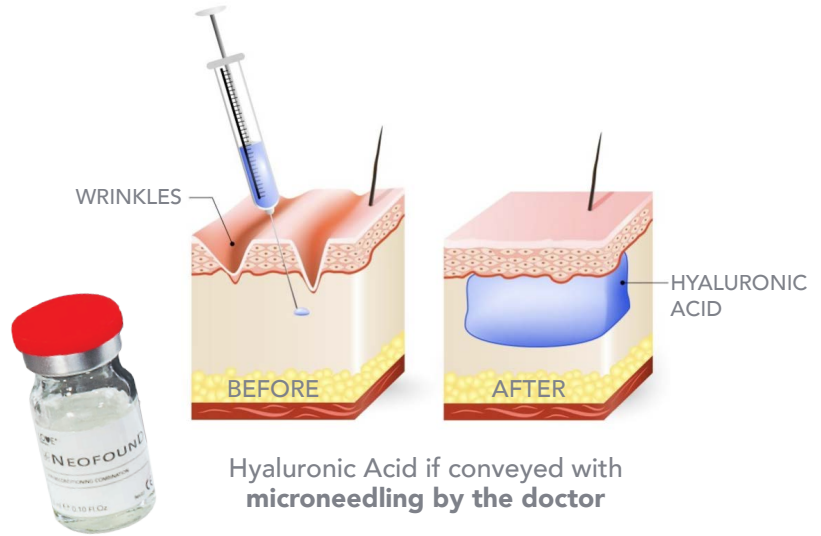

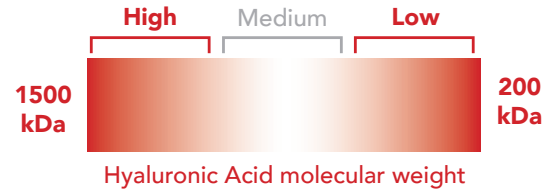

## WHY CHOOSE

Our products, unlike others that remain only on the surface of the epidermis, acts in **depth** thanks to the **double concentration of Hyaluronic Acid** of both **low and high molecular weight**

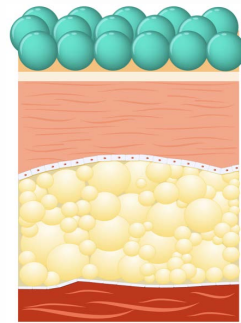

It has a **similar botulinum effect** due to the presence of the hexapeptide, same active as **Neofound (DM I)** conveyed with microneedling.

Our laboratory is able to produce medical devices for professional use.

**S K I N C A R E**  
**NEOFOUND<sup>®</sup>**

**We use high quality  
actives ingredients  
from certified suppliers**

**The active ingredients used  
are of pharmaceutical grade**

## FORMULATION

**We use advanced techniques  
by introducing  
innovative materials**

**We follow scientific  
protocols**

SKINCARE  
NEOFOUND®

ROLL ON

- Specific for neck and décolleté
- For mature skin
- Contains a high concentration of urea

## **NEOFOUND ROLL ON is the first and only neck and décolleté serum**

The **roll applicator** stimulates muscle relaxation, obtaining a lifting, relaxing and anti-stress effect. It favors the drainage of liquids by improving the skin microcirculation and improving the absorption of the active ingredients, which penetrate in a targeted way the site of action where they are deficient.

### **Method of application:**

- **For normal skin:**  
apply morning and evening after cleansing, proceed with small circular movements from the bottom up, starting from the décolleté and going up to the neck.
- **For oily skin:**  
apply once a day after cleansing, proceed with small circular movements from the bottom up, starting from the décolleté and going up to the neck.
